**"RAIN OR SHINE" T-BALL  
SAMPLER CLINIC**

The GBA is proud to announce its summer "Rain or Shine" T-Ball Clinic, for male or female players ages 4-6.

Do you have a younger player that isn't quite ready to devote the time to, or compete well in, the GBA's Leagues? If so, then this is a great way to start enjoying and learning the game of baseball. Of course many of the concepts readily translate to softball also.

Students will learn age appropriate fundamental instruction in throwing, batting, fielding and base running. Each session will include brief games to accent all the lessons with plenty of fun. All classes will be led by qualified instructors and assistants to promote guided participation.

Clinics will consist of 16 players split into teams of approximately 8 players. Parents will be invited, if not encouraged to participate if they want.\* No need to worry if weather will ruin your plans. These clinics will be held at the GBA's 8,000 SF Indoor Training Center, located at 1500 Foundry Lane, Unit 3 Saint Charles, IL.( see the GBA Website for directions)

These two week clinics will meet twice per week for two weeks beginning June 14th. This first offering provides many session options. Feel free to enroll your player(s) in multiple sessions to maximize their learning and fun. First time attendees must complete the GBA member registration docs, found online, as well as register for the chosen clinic. Clinic fee is \$45.00 per player.
